Q1: Name of your Police Service:	
Toronto Police Service	
Q2: In light of the above recommendation, is your police service planning on using body worn cameras?	YES
Q3: Are you looking at testing the use of body worn cameras?	YES
Q4: If you answered 'yes' to the above question, what kind of testing are you doing?	
The proposal from the Chief is to pilot test 100 body worn cameras in certain units, such as ETF and two divisions.	
Q5: Are you doing any public consultation on the use of body worn cameras?	Other (please specify) The Board has raised this issue with the Chief, and we are in discussion.
Q6: If you answered 'yes' to the above question, what type of public consultation are you doing?	
My proposal to the Chief is to undertake consultations similar to the ones we did a few years ago about CCTVs. The Chair and the Chief personally attended a series of public sessions across the City to provide information to the public about CCTV technology and seek feedback on parameters with a view to human rights and privacy protection. We also consulted with the Ontario Information and Privacy Commissioner and the Ontario Human Rights Commission.	
Q7: Have you developed a policy on the use of body worn cameras?	Other (please specify) I have communicated with the Chief the view that a Board policy should be established to guide the pilot project. We have not yet decided on the scope and content of the policy.

Q1: Name of your Police Service:	
Bridgewater Police Service	
Q2: In light of the above recommendation, is your police service planning on using body worn cameras?	Other (please specify) We used body worn cameras operationally for 2 yrs (2008-2010) Vidmic system. It was not robust enough. Discontinued use in 2010, went with cameras in cars and on tasers.
Q3: Are you looking at testing the use of body worn cameras?	NO, Other (please specify) As a small agency, we will wait for a larger agency or province to do testing in future.
Q4: If you answered 'yes' to the above question, what kind of testing are you doing?	<i>Respondent skipped this question</i>
Q5: Are you doing any public consultation on the use of body worn cameras?	NO, Other (please specify) Having deployed BW Cameras before, we found public was supportive of their use, but there was not a push from either the public or local courts to implement them. Implementation of BW Cameras is not an operational priority at this time.
Q6: If you answered 'yes' to the above question, what type of public consultation are you doing?	<i>Respondent skipped this question</i>
Q7: Have you developed a policy on the use of body worn cameras?	YES, Other (please specify) Yes, we had very basic policy on the use of the Vidmic system, however, I do not believe it would stand up to scrutiny for long.
